The University offers specialized Distance Learning degree and diploma programs. Because students may enroll at any time during the year, it provides a convenient, flexible and specialized way to study that has a diminished impact on a student’s job and/or family. The independent study curricula combines modern day tools and technologies, enhancing the quality of instruction and learning for each individual. We, as a World-Reaching University, function academically very efficiently as a correspondence-type of education offering single course diploma studies as well as degree conferring studies.
Apply Today!

The first action required is to build your Portfolio and send it to us for an Evaluation, where we develop your Official Curriculum. The instructions are on our Website under the Section "Admissions."
